

Health Out Loud (HOL) is a socially motivated grassroots movement that was founded as a student group in 2010, expanded into a non-profit organization in 2014, and became a CRA-registered charity in 2015. Through our community, high school and university programs that make health fun, relatable and understandable, we meet participant-identified health priorities for over 2000 participants. Not only do we have a huge track-record of success with innovating health, we also have a close-knit family of supportive friends and mentors. By joining our team, you will be a valued member of HOL; you will not only complete meaningful tasks, but you will also have the opportunity to transform your own ideas into real projects and shape HOL's long-term vision.
